## ACCIDENTALLY KILLED.

Young Man Found Dead Under Load Of Straw

Theodore Robinson, the brother of Mrs. Ed Rumsey was accidentally killed near the Rumsey home seven miles north of Dodge City Tuesday morning. He had left the house about nine o'clock that morning to bring back a load of straw and was found a few hours afterward under the rack. The wagon had tipped and he was caught under the heavy rack and had been dead for some time. The young man was born in 1887 in Decatur county, Kansas and has lived at Fort Dodge for a number of years. He had spent only four or five days at the home of his sister, Mrs. Rumsey.

The funeral will be held at Fort Dodge this afternoon at 2:00 o'clock and burial will take place in the Fort Dodge cemetery.

Mr. and Mrs. Robinson, the parents of the young man, are residents of the Home.

Miss Jesse Rex has taken a position as bookkeeper at the City Hardware store in the place of Miss Bessie Powers who was married last week.

C. H. Chenault who has been in this city for the past two weeks, left this morning for Kinsley. Mr. Chenault is looking up a location for a lumber yard.

Mr. and Mrs. George Sams of Great Bend are the guests of Mr. and Mrs. Ben Titus and Miss Sadie Hanna this week. Mr. and Mrs. Sams are on their way home from a trip in Colorado.

Rev. and Mrs. W. H. Manary left Wednesday morning for their home in Valley Center after a five weeks visit at the home of their daughter, Mrs. Van Arsdale.

Clem Hecke and Herman Wesler of Spearville township were in this city Wednesday on their way home from a four months sojourn in southern California.

## TO OPEN COAL MINE.

Company Formed to Sink a Shaft in Hodgeman County Where Coal Was Found.

The report here this week from "the coal fields" of Hodgeman and Gray counties is that at both places companies have been organized to drill for coal. It is stated that in Hodgeman county the company will not stop to experiment with another test well but will begin at once with a shaft to open up the mine.

The almost universal sentiment in the central west for Taft will manifest itself in a striking manner during the triumphal run of Syl Dixon's Taft Special to Chicago just before the national convention. The special will carry representative Republicans from Kansas, Colorado, Oklahoma, Texas, New Mexico, Arizona and even a wider range and will draw forth a mighty chorus of cheers from El Paso to Chicago. Mr. Dixon's McKinley train to the St. Louis convention in 1896 was a very great success, and attracted national attention, but it was not planned upon the great scope of the Taft train. It created wonderful enthusiasm however and served to point out to Mr. Dixon the greater things that might be accomplished by such a movement. Mr. Dixon's experience in conducting special trains and his determination to make the Taft Special the greatest success ever accomplished in this line, would be enough in themselves to insure the run being a most impressive one, but the fact that this part of the country is filled with enthusiasm for Taft and the idea of the Taft Special, so popular wherever it has been mentioned, will help Mr. Dixon to make the special train one of the great features of the convention and an important factor in the selection of the next Republican nominee for president.

Mrs. H. J. Cornwell and daughter Lenore returned to their home in St. John Monday after a few days visit with Mrs. R. D. Rhodes.

## MANSLAUGHTER

POPE WILL GET A LIGHT PUNISHMENT FOR KILLING STUMPH

TWO YEARS IS THE HIGHEST

He Can Be Given For Offense Named in The Jury's Verdict.

The murder case from Bucklin was finished at the district court late Saturday night and the jury was out until 11 o'clock Sunday when it reported that a verdict had been reached. The verdict was lighter, probably, than was generally expected, manslaughter in the fourth degree. The jury at the start, it is understood, were in the majority for murder in the second degree, but ranged all the way from murder in the first degree to acquittal.

From this state after a long seige they finally agreed to bring in the verdict of manslaughter in the fourth degree. The severest sentence that can be given the defendant, Clinton Pope, on this finding is two years in the penitentiary. He will be sentenced on March 7.

The state's case was conducted by County Attorney Carl Van Riper, who was assisted by M. W. Sutton. The defendant was represented by L. A. Madison and Judge Milton.

The defendant was tried for killing John Stumph, a Rock Island brakeman, at the latter's room in Bucklin, on Sunday, January 5th. There was no provocation for the killing; and the two men had been friends. Pope had been drinking and during the course of his spree went to a restaurant and got a revolver that he had left there. He went to Stumph's room where two other men were. As he entered the door he raised the revolver and fired, the bullet entering Stumph's body and causing his death in a few moments. There is nothing known that would indicate that Pope had any desire to kill Stumph. If there was any trouble between them no one knew of it but themselves. It is the general belief that Pope's act was merely the folly of a drunken man. It was a distressing affair all around and an awful affair, the loss of a life for the mere whim of a drunken spree and a life of disgrace as the further price that must be paid.

Ford county has a start of Hungarian partridges, a very hardy bird which is expected to thrive and multiply rapidly in this county. It is about a third larger than the quail, and has a bluish breast. Nineteen of these birds were liberated on the Gyles place west of town recently. The Hungarian partridge is so much harder than the pheasants that have been tried here that it is believed it will be little trouble to stock the county with them. They are noisy fellows, almost as noisy as a guinea, and make their presence known in a neighborhood. The law protects them all year around, and hunters should be careful, in quail season not to mistake them for the smaller birds.
